It is a charming play and gains upon the feelings by acquaintance as does the "Cricket" of the piece, Furchon, upon the hearts of the villagers. The language of the play is fine, and the moral good. There is no exuberant fun or striking dramatic points in it, but it is a simple illustration of country life, in which a lively, sensible and good girl lives down the hate of haughty neighbors and triumphs over their prejudices by the force alone of a pure and noble nature. TO THE PUBLIC.

MY WIFE, ROSANNA BROWN, BEING AFFLICTED sement of one Dr. S. W. Howard & Lady, who made periodical visits to Greenfield, I called upon the male Doctor, and after some conversation with him, I employed him to take my wife's case under treatment, fully believing at the time, from what was said during our conversation, that he was Dr. E. Howard & Son, of indianapolis, the celebrated Cancer Doctor, (of whom I had often heard) who is a brother to Dr. N. P. Howard, of Greenfield, and who is now treating Jordan Lacy, of Jackson to snship, for a cancer with an almost certainty of success, so rapid has he improved under the science and

wisdom of his treatment.

The bogus Dr. Howard treated my wife for a considerable length of time without giving her any relief, or benefiting ber in any manner whatever. If there was any change she was wo se when he was discharged than when he undertook to treat her. Believing that he is no physician, but an ordinary mechanic, assuming the practice of medicine to deceive the people and make money out of their credulity, I publish this to the world, and warn all who are afflicted, that the said "Dr. S. W. Howard & Lady, Clairvoyant and Cancer Physicians," are humbugs and imposters. JACOB BROWN. Hancock county, Indiana, July, 1862. aug30-dlw&w3m

Of the United States.

In the month of December, 1858, the undersigned fo the first time offered for sale to the public Dr. J. Bovee Dods' Imperial Wine Bitters, and in this short period they have given such universal satisfaction to the many thousands of persons who have tried them that it is now an established article. The amount of bediny and mental unsery arising simply from a neglect of small complaints is surprising, and it is therefor of the utmost importance that a strict attention to th least and most triffing bodily ailment should be had
